

Installation Guide for FR Dropdown Table for Defender

12/3/21

Tools Needed

Install time - 10 min

Tools -

- Torx 27
- 4mm and 6mm Allen key

Remove the needed screws

1. Remove the four screws show in the picture with a Torx 27

Installing Table

1. Install the table using four of the #8 bolt, #5 spacer, and #4 washer provided by Front Runner.
2. You will install the bolt and the washer on the front side of the table facing you, and the spacer will be on the backside of the table in between the table and door.

All Done!
