

You want to go offroading, but you don't know  
what to go in.

Not a Jeep, too basic  
Not a Tacoma, too long  
Not a Land Cruiser, too hard to get  
Not a 4runner, too limited in clearance  
Not an Isuzu, too limited payload  
Not a Suzuki, too uncomfortable on the street  
Not a G-Wagon, too expensive  
Not a Touareg, too unsuited  
Not an Xterra, too unrefined  
Not a Bronco, too old  
Not a Blazer, too unsafe
