- Tire quotes do not include valve stems or any type of road hazard protection.
- This is only a sampling of prices offered on Top 7 tire websites I came across or learned about on the forums.
- Shipping charges reflect cost to Northern NJ and differ per brand (i.e. one tire may be \$80 while another may be \$130 from same exact website..)
- Chart intentionally omits Michelin, Goodyear, Bridgestone, Firestone, Continental & most Pirelli's (which range from \$160-\$360 @ most tire websites and are also available for purchase at Costco, Pep Boys, Sam's Club, etc.)

<sup>1</sup> Pep Boys quote by Allen = 4 Hankook Ventus AS RH07 tires (\$160.99) mounted, balanced & wheel alignment w/ lifetime rotation for \$870 + tax (\$161 Rebate) = \$709. *No guarantees on TPMS or similar damage done to vehicle.*
