----------	---	------------------	------	--------------	---

REMOVAL

NOTES:

- Removal steps in this procedure may contain installation details.
- Some variation in the illustrations may occur, but the essential information is always correct.

1. Disconnect the battery ground cable.
Refer to: [Specifications](#) (414-00 Battery and Charging System - General Information, Specifications).
2. Remove engine cover.
Refer to: [Engine Cover - TDV6 3.0L Diesel](#) (501-05 Interior Trim and Ornamentation, Removal and Installation).

3.

NOTES:

- Note the fitted position of the accessory drive belt.
- Engine shown removed for clarity.

4.

Torque: 50Nm

INSTALLATION

1.

CAUTIONS:

- Make sure that the accessory drive belt is correctly located on each pulley.
- Clean and inspect the accessory drive belt pulleys for damage.

To install, reverse the removal procedure.
